Virginia Commonwealth University recognizes that honesty, truth and integrity are values central to its mission as an institution of higher education. The Honor Code is built on the idea that a person's honor is their most cherished attribute. A foundation of honor is essential to a community devoted to learning. Within this community, respect and harmony must coexist. The Honor Code is the policy of VCU that defines the highest standards of conduct in all academic affairs.

The fundamental beliefs that underlie and are reflected in the Honor Code are:

1. That mutual trust is the positive force that makes an environment honorable.
2. That the educational community should be free from the injustices caused by any form of intellectual dishonesty.
3. That the honesty and integrity of all members of the Virginia Commonwealth University community contribute to the search for truth.
4. That those who fail to live up to the stated expectations will be identified, sanctioned and educated as to the appropriate and expected behavior to exist within the VCU community.

VCU I have read the above statement and agree to abide by the Honor System.
